

## BLUE VALLEY BAPTIST CHURCH

completed addition

existing facility

This building addition includes a sanctuary with an intimate arrangement of pews that accommodates 625 people in worship. The sanctuary superstructure design allows for future expansion to seat 850 in worship. The generous platform and choir loft are separated by a modesty wall that can be removed affording platform flexibility.

The lower level fellowship hall offers space for 483 people in a dining arrangement served by a residential style warming kitchen. The fellowship hall has the capability of being subdivided into 13 classrooms for Christian education through the use of a flat panel operable wall and ceiling track system.

The remodeling of the existing sanctuary includes expanded nursery ministries and offices.

*"Thank you for listening, when it would have been easier to turn a deaf ear. Thank you for seeing, when looking the other way was a more convenient choice. Thank you for your patience with each and everyone of us, who wanted each and every thing done 'the right way.' It has been a joy to work with you. Your easy going spirit, your can do attitude, your availability has made this dream of ours become a completed project for God."*

Rhonda Allen, Preschool Sunday School Director  
Blue Valley Baptist Church
