

TIFFANY FELLOWSHIP ASSEMBLY OF GOD

Mantel Teter Architects' first project with Tiffany Fellowship was the design of a 600 seat sanctuary addition with a large fellowship foyer, a parlor/bride's room, and accessible rest rooms adjacent to the sanctuary. The remodeling of the existing sanctuary included the expansion of office spaces and nursery classrooms near the new sanctuary. In 2002, Tiffany Fellowship selected Mantel Teter once again for the design of a new multipurpose building and classroom addition.

"Thank you for making our vision become a reality! As we have reflected upon the successful completion of our project, we want to say thank you for:

....Completing the project two months ahead of schedule and 7% under budget! This project was a new sanctuary attached to an existing structure that was remodeled. We had no 'surprises' or appreciable monetary expenses since your plans were complete.

....Tying the building together so completely that they appear to be built at the same time.

....Your attitude that said, 'we are not here to work for you or even with you, but we are here to serve you.'

....Your timely response to all our inquiries. We never once had to wait on Mantel & Teter. Instead, you were always a step ahead of us, ready to assist us to the next level.

....Your excellent and professional relationship with the City of Kansas City that allowed the timely resolution of any and all difficulties."

Dr. Ray M. Brewer, Former Senior Pastor
Tiffany Fellowship Assembly of God

Client:

Tiffany Fellowship Assembly of God

Location:

7315 NW Barry Road
Kansas City, Missouri

Size:

New additions: 13,000 S.F.
Remodeling: 3,400 S.F.

Services Provided:

Programming
Master Planning
Architectural
Civil Engineering
